**5. Jurisdiction of Origin:** You must provide the jurisdiction(s) of origin for the refuse in your load. If this load contains refuse from more than one jurisdiction, list the percentage by weight from each jurisdiction and make sure these all add to 100%. For the county unincorporated areas, you must use only the 100 specific unincorporated area names developed by the County as the jurisdiction names. **Do not enter "Los Angeles County" or any other name for an unincorporated area.** You must identify such an area as "LACO-{area}", consistent with the County's map. For example, a load that originates in Altadena (Area 4 on the map) would be identified as "LACO-Altadena" in the boxes below.

|    | City name or specific name of Los Angeles County unincorporated area | Percent of Load                            |
|----|--|--|
| a. | <input style="width: 95%;" type="text"/>                             | <input style="width: 15%;" type="text"/> % |
| b. | <input style="width: 95%;" type="text"/>                             | <input style="width: 15%;" type="text"/> % |
| c. | <input style="width: 95%;" type="text"/>                             | <input style="width: 15%;" type="text"/> % |
| d. | <input style="width: 95%;" type="text"/>                             | <input style="width: 15%;" type="text"/> % |
| e. | <input style="width: 95%;" type="text"/>                             | <input style="width: 15%;" type="text"/> % |

**6. Type of Load** (check only one box)

Residential (single family or multifamily)      Commercial      Mixed (residential & commercial)

                                                                          

**Collection Site Addresses or Route #:** In Section 8, you must provide complete addresses for all locations from which you collected the refuse in this load, and you must clearly distinguish between an incorporated city and the 100 specific unincorporated areas of Los Angeles County. If the jurisdiction of origin is one of these unincorporated area names, you must provide valid service addresses that are physically located in these unincorporated areas of Los Angeles County, using the same jurisdiction name as in Section 5. If your collection routes are registered with Los Angeles County, you may enter the route number in Section 7 and leave Section 8 blank.

7.  **Route #.** Enter your route number for this load. (Allowed only if the route has been registered with the Los Angeles County Public Works Department)

**8. Service Addresses:** Enter all of the addresses from which refuse in this load was collected. (Attach page 2 if there are more than 3 addresses)
